

*The growth story of Globachem started in 2000 in Sint-Truiden as a dynamic family business. Our focus? Innovation and internationalization! Young, generic resources, new applications and formulas ... We have been focusing on this for almost 20 years. With success, because we can call ourselves an important European player with a turnover of more than € 150 million. Globachem helps farmers and horticulturists protect their crops through an extensive range of generic and internally developed plant protection products. This way we contribute to safe food production for the growing world population. We therefore have an excellent reputation with both our customers and our employees. To continue building the Globachem future, we are now looking for a:*
