

The growth story of Globachem started in 2000 in Sint-Truiden as a dynamic family business. Our focus? Innovation and internationalization! Young, generic resources, new applications and formulas ... We have been focusing on this for almost 20 years. With success, because we can call ourselves an important European player with a turnover of more than € 150 million. Globachem helps farmers and horticulturists protect their crops through an extensive range of generic and internally developed plant protection products. This way we contribute to safe food production for the growing world population with the lowest possible ecological footprint. We therefore have an excellent reputation with both our customers and our employees. To continue building the Globachem future, we are now looking for a:

Quality Manager

Have you already had a great experience in quality and are you looking for a new challenge? Do you enjoy working for a dynamic company with a lot of change? Then this function is something for you. As a Quality Manager you are responsible for all aspects of quality. In time, you will also be responsible for the aspects of environment, safety and health.

Tasks and responsibilities

- With vision, passion and enthusiasm you develop our QESH policy of the future (Quality, Environment, Safety, Health)
- You are responsible for drawing up, implementing and maintaining a quality manual (step by step), a quality and supplier assessment system, including quality guidelines and procedures. You also make improvement proposals with regard to processes and / or procedures
- In the medium term, this should lead to obtaining, maintaining and managing an ISO certification
- In this context you are also responsible for coordinating complaint handling, coordinating, conducting and registering various quality controls (including sampling) and taking corrective actions in the event of deviations
- You perform quality-related internal audits, as well as external audits at formulators and suppliers of raw materials and/ or packaging and you ensure that the suppliers carry out the necessary corrective actions if necessary
- You are the point of contact/ coordinator for external quality audits at our company
- You are responsible for collecting, managing and checking documents and forms for the benefit of controlling authorities
- You work closely with the quality responsables in all departments
- You ensure that employees receive the right training

Profile

- You have a Bachelor or Master degree
- You have at least 2 years of experience with Quality in a coordinating function; experience with safety/ prevention is a plus
- You are hands-on and pragmatic
- You are good at planning and organizing and you have a sense of responsibility
- You are accurate and result-oriented
- Your written and spoken Dutch, English and French are fluent
- You can connect with our Family values: Fun, Respect, Ambition, teamwork, Innovation, flexibility, family

A company with a great future

Globachem offers you an interesting job with real responsibilities in a growing and financially healthy family business with a great future ahead. You can grow along with the organization, education and training are offered. The team is young and enthusiastic, you work in an attractive new working environment on a nice location. Your remuneration package is attractive and contains an interesting set of fringe benefits.
