INVITATION

PROVAN-QRM DAY

Dear relation,

Everybody has heard about the expression "TIME = MONEY".

By successfully implementing QRM (Quick Response Manufacturing), Provan is able to turn this expression into reality.

QRM provides an enterprise-wide strategy that can help your organization reach new heights by focusing on **lead time**

reduction. By focussing on time, our customers benefit from positive results such as less stock, shorter lead times, faster time to market, virtual no revision cost, ... resulting in a Total Cost of Ownership (TCO) reduction.

To share our experience and show you how speed can be your competitive advantage, we would like to invite you to our Provan-QRM day on **october 20, 2016**.
